Articulated clutch lever

Manufactured in CNC aluminum
Personalized with Mv Agusta Corse logo
Black anodisation

Code: 8000C1322

€ 205,-

Articulated front brake lever

Manufactured in CNC aluminum
Personalized with Mv Agusta Corse logo
Black anodisation

Code: 8000C1313

€ 205,-

Footrest kit

Manufactured in ergal T6 7075
Designed to improve grip
Perfectly compatible with the original footrests
Personalized with Mv Agusta Corse logo

Code: 8000C1304

€ 125,-

Lower license plate holder kit

anodized in black
With MV Agusta Corse logo

Code: SPPTT001RD

€ 415,-

Engine oil cap

Manufactured in ergal
Personalized with Mv Agusta logo

Code: 8000C1638

€ 56,-

Racing fuel tank cap

Manufactured in ergal
Personalized with Mv Agusta logo

Code: 8000C1694

€ 143,-

Brake pump ergal cap

Manufactured in ergal T6 7075
 Personalized with laser serigraphy with Mv Augusta

Code: 8000C1696

€ 96,-

Clutch pump ergal cap

Manufactured in ergal T6 7075
 Personalized with laser serigraphy with Mv Augusta

Code: 8000C1697

€ 96,-

Central stand kit

Code: 8000C1969

€ 125,-

Heated grips kit

3 different adjustment

Supplied with dedicated ECU for installation

Code: 8000C1967

€ 279,-

Red/grey bike cover for indoor

Made in stretch material, it completely covers the motorcycle, protecting it from dust and dirt
Customized with a logo on the side and the model logo in the passenger zone

Code: 8000C2429

€ 155,-

Rear stand with silicone wheels

 Equipped with interchangeable nylon pin
 mounted on bearings
 Designed to support the weight of the bike
 and the rider in competitions

Thanks to the high quality construction, this
 stand maintains its technical and design quali-
 ties for a long time

Code: 8000C1286
€ 348,-

Rear stand made in boxed steel

Powder coated
 Customized with MV Corse Logo on the side
 It grants an optimum stability during
 maintenance

Code: 8000C3396
€ 528,-

Standard front stand with silicone wheel

Powder coated stainless steel and personal-
 ised with metal MV Agusta Corse tag
 Designed to support the weight of the bike
 and the rider in intense and demanding situa-
 tions such as competitions
 Thanks to the high quality construction, this

stand maintains its technical and design quali-
 ties for a long time

Code: SPCAI001BF
€ 178,-

HDPE (High Intensity Polyethylene) container resistant to solvents and paints

Essential for changing oil in the workshop or in your own garage
 Equipped with a discharge system with anti-splash edge to prevent spillage during transport or transfer
 Dimensions: H90mm Ø330mm

Code: SPOP350B
 € 24,50

Mv Agusta personalized bike carpet

100% absorbent fiber, no problem with oil or gasoline, washable, UV-resistant, shock-resistant and non-slip rubber back surface

sizes 80x250 cm

Code: SPBIKEMAT
 Preis auf Anfrage

Black resin fuel tank sticker

UVA resistant
 Original design
 Personalized with MV Corse logo
 Dimensions 84,1 x 159,2

Code: SPADTVRES
 Preis auf Anfrage

Low ride non-slip seat -2cm

Neoprene coated with red waterproof seams and black leather sides

With a more ergonomic profile than the standard seat, it grants more comfort thanks to the gel padding, and a better grip due to the non-slip fabric for a more precise and comfortable ride

Code: 8000C2909

€ 212,-

Non-slip comfort rider seat

Neoprene coated with red waterproof seams and black leather sides

With a more ergonomic profile than the standard seat, it grants more comfort thanks to the gel padding, and a better grip due to the non-slip fabric for a more precise and comfortable ride

Code: 8000C2910

€ 212,-

Non-slip comfort passenger seat

Neoprene coated with red waterproof seams and black leather sides

With a more ergonomic profile than the standard seat, it grants more comfort thanks to the gel padding, and a better grip due to the non-slip fabric for a more precise and comfortable ride

Code: 8000C2478

€ 212,-

Front carbon mudguard

Manufactured using the vacuum process, with high mechanical performance, high breaking loads and an aesthetic effect that is difficult to achieve with manual lamination

Code: RDTL091018

€ 519,50

Rear carbon licence plate holder in carbon fiber

Manufactured using the vacuum process, with high mechanical performance, high breaking loads and an aesthetic effect that is difficult to achieve with manual lamination

Code: RDTL193019

€ 505,-

Carbon exhaust cover

Produced in autoclave, a process that applies different thermal cycles so that temperature and pressure are distributed evenly, ensuring the production of components of the highest quality

Code: 8000C1909

€ 375,-

Sprocket cover in carbon fiber

Manufactured using the vacuum process, with high mechanical performance, high breaking loads and an aesthetic effect that is difficult to achieve with manual lamination

Code: RDTL073018

€ 155,-

Upper chain guard in carbon fiber

Manufactured using the vacuum process, with high mechanical performance, high breaking loads and an aesthetic effect that is difficult to achieve with manual lamination

Code: RDTL060018

€ 289,-

Front axel protectors (left and right)

Manufactured in ergal T6 7075
Personalized with Mv Agusta Corse logo
Black anodisation

Code: SPPRA001RV

€ 99,-

Clutch cover

Manufactured in ergal T6 7075
Personalized with Mv Agusta logo
Protects the engine in case of fall

Code: SPPCA001RV

€ 255,-

Engine protection

Manufactured in ergal T6 7075
Personalised with MV Agusta Corse logo

Code: 8000C1328

Preis auf Anfrage

Rear wheel protectors

Made from solid plastic and light alloy
 Protects the swingarm from accidental falls or slips
 Gives the bike a sportier design

Code: SPTP428R

€ 131,-

Front wheel protection

Made from solid plastic and light alloy
 Protects the fork from accidental falls or slips
 Gives the bike a more sporty design

Code: SPTP427R

€ 96,-

Racing air filter

Designed to increase power and acceleration
Perfectly interchangeable with the original filter
without any changes to the airbox
High air flow with excellent filtration

Code: RDMT002911

€ 169,-

Solid machined nuts in TITANIUM GR 5.

The kit consists of 5 nuts for fixing the rear
sprocket
Each nut maintains the dimensions of the
originals and are therefore perfectly interchan-
geable

Code: SPDA385X

€ 238,-

Rear sprocket flange machined from bil-
let ergal with subsequent treatment of sur-
face red anodization and carbon inserts
Lightness, design and reliability for a very visible
detail

Code: SPFL502R

€ 345,-

Front wheel axle nut machined from solid light alloy by machines, and subsequent coloured surface anodizing

Code: SPDA395R

€ 35,50

Measurements M25x1.25
Hexagonal wrench 28 mm

Rear wheel nut in ergal perfectly interchangeable with the original as it maintains the same size and shape of the original.

Code: SPDA397R

€ 138,-

CNC machined from billet, coloured surface red anodized

Rear brake oil tank 20 ml with level porthole machined from solid by CNC machines with subsequent red surface anodization which ensures quality and durability

Code: SPSEB20R

€ 258,-

THE CAP IS NOT INCLUDED

Rear brake fluid reservoir cap made from light alloy solid with red surface anodising

Code: SPTF451B

€ 62,-

The kit includes all the screws for the application
Assembly is simple and does not require any modification

Right ergal mirrors T6 7075

Completely CNC machined
Personalized with MV Corse logo
Allows excellent visibility and multiple adjustments

Code: 8000C1308

€ 175,-

Left ergal mirrors T6 7075

Completely CNC machined
Personalized with MV Corse logo
Allows excellent visibility and multiple adjustments

Code: 8000C1309

€ 175,-

Side bags kit

Supplied with:
Support brackets
Bag connection
Assembly instructions

Code: 8000C5608

€ 1.100,-
